

Public Health Emergency Renewal

October 14, 2020

As a result of the continued consequences of the Coronavirus Disease 2019 (COVID-19) pandemic, Secretary of Health and Human Services Azar renewed the national public health emergency for an additional 90 days, effective 10/23/20. The nationwide emergency continues which allows for the continuation of flexibilities that have been granted to address the COVID-19 pandemic.
